Most spectators who have been watching the Blue Devils at their practice sessions on Lair Field these hot September afternoons believe Fell has a better-than-average team this season and which should earn a position in the upper division of the Suncoast Conference ratings unless it is dogged by foul luck. The Pahokee coach, himself, has high hopes for another good season, but after counting his small squad of less than 30 players, (continued on page 8)

Hallandale Receives \$15,642.12 From F&L

HALLANDALE — A. O. Wickham, Florida Power and Light Company district manager, turned over to City Manager Ralph L. Smith a check for \$15,642.12 Tuesday, representing the company's franchise payment of 6 per cent of its commercial and residential revenue in Hallandale for the year ending Aug. 29, 1954.

The city had anticipated at 10 per cent increase in the franchise payment and had budgeted it as an expected revenue of \$13,800. The unexpected \$1,842 increase, due to rapid growth of the city during the last year, will enable the city to wind up its year's operations on Sept. 30 with a small budget surplus, Smith said. The city has included an expected revenue of \$15,000 from the FPL franchise in the new 1954-55 budget. If building in the city continues as it has, next year's check should run considerably more than that.

5 Million Dollar Improvement Program Scheduled By Co.

The Palm Beach County Commission this week made way for a \$5 million improvement program which will bring several new buildings and major improvements in the county road and bridge system.

The various projects will be financed through the sale of revenue certificates similar to an issue sold several years ago which was familiarly known as the "three million six" program which was paid off several years before maturity of the securities.

Monday's action, the commission said, will mean a downward revision of the county's tax levy next year. The levy was boosted this year to provide funds for the capital improvement program.

The tax savings, the commission pointed out, will be possible since it will take less funds to service the revenue certificates than would have been needed to raise money over a period of years for the building program.

In two separate actions, the commission authorized approval of agreements with Sullivan Nelson and Goss, West Palm Beach bond firm, to act as fiscal agents for the improvement program. Work on most of the projects is expected to be well under way by next year.

In the resolution outlining road and bridge programs, the county made plans for replacement of three bridges which now violate Federal regulations governing use of the inland waterway. Commissioners said the three bridges have the wrong type spans for speedy handling of boat traffic.

Projects in this section of the program which will be financed through the county share of gasoline taxes include:

Rebuilding Royal Park Bridge at West Palm Beach, \$1,500,000; Palmetto Park Bridge, Boca Raton, \$265,000; Monet Bridge, \$475,000; Boynton Beach West Road, \$168,000; Avenue E, Belle Glade, \$315,000; 8th Avenue, South Bay, \$42,000; Lake Shore Drive, Canal Point \$147,000; Mick City Road, Pahokee, \$178,000; right of way fund for all projects, \$168,000.

In the capital improvement section of the program, projects listed were:

New children's home, \$256,000; land for childrens home \$6,000; Health Center, Belle Glade, \$30,000; Health Center, Pahokee, \$20,000; remodel county jail, \$34,500; construction of a tourist welcome station at Juno Beach, \$10,000; complete construction of present jail building, \$185,000; remodel court house, \$649,000; Glades sub court house, \$100,000; and county administration building \$150,000.

Under the agreement which was approved by the commission, the fiscal agents will receive a fee of one percent of the bonds sold, and from this amount will pay expenses associated with preparation of the bond program, validation proceedings and sale of the certificates.

The two improvement programs won the full support of the entire commission following motions of approval by Commissioners Paul Rardin and Kenneth Foster.

Lunch Room Meals Is Big Business

Though operated on a strictly non-profit basis, with the health and welfare of the school child the primary objective, the Palm Beach County school lunch room program has grown in the past few years to the proportion of big business with a bearing on the economic life of the County, according to Mrs. June Lansing of West Palm Beach. County school lunch room supervisor, in a talk to members of the Pahokey Parent-Teacher Association at the first PTA meeting of the school year held in the high school auditorium Monday night, with Mrs. John A. Dulany, president, presiding.

Introduced by James W. Vann, program chairman, the speaker said the value of lunches served to school children at the 33 school rooms of the County during the past year totaled \$700,000. The average cost of the balanced meal served at the school lunch rooms is between 42 and 46 cents while the child pays only 30 cents, leaving an average deficit of 15 cents per lunch. She explained how part of this deficit is made up by the Federal Reimbursement Fund, with a two-cent reimbursement for every meal served in County school lunch rooms, except for the six which offer a la carte service. Commodity donations in the form of meats, fruits, vegetables, flours and other farm surpluses received through the federal government in cooperation with State agencies and through local civic groups also make up part of the deficit. Seventy per cent of the dollar spent for school lunches represents the actual cost of the food and 30 per cent represents the labor and other incidentals that go into the preparation of the meals, she said.

Recommendations of the executive board adopted were: 1. That PTA again this year, as in the past, sponsor Cub Scout Pack 23. 2. That PTA present an award of \$5 to each school room reporting a 100 per cent membership of parents in PTA by Oct. 31 and an alternate award of \$4 to each school room or grade reporting a membership of parents of 90 per cent or above by Nov. 30. 3. That the report of the Halloween Carnival committee, recommending that this year's carnival be held on the night of Oct. 30 at the city park instead of Lair Field, be accepted without change in the committee's proposed program of entertainment. 4. That PTA purchase 60 subscriptions to the Florida PTA Magazine for distribution to various families within the membership and 10 subscriptions to the National PTA Magazine for distribution in the school library and offices of local physicians and dentists. 5. That this year's attendance awards at monthly meetings shall consist of a traveling award, valued at not more than \$8, to the school room in the elementary grades having the highest percentage of parents present at a meeting and a \$1 cash award to the high school student group having the best attendance of parents.

Ned Koehrer was named parliamentarian, replacing Richard L. Brooks and Mrs. Arch Blakey, historian, replacing Miss Ruth Dorsey. Mrs. Dulany appointed as new chairman of standing committees Mrs. Jessie W. Reel, parent and family life education, Mrs. Reel to be assisted by Mrs. J. V. Thomas; Mrs. L. M. Lair, legislation; Mrs. Lester Hand and Mrs. E. C. Johnson, health and safety. This year's goal of the Pahokey PTA, to attain the standards of the PTA Blue Ribbon Association was explained by Mrs. Dulany.

Mrs. Cleo Douthit presented a brief devotional program. Mrs. Jess M. Elliott read the message of Mrs. Clyde Johnson, State PTA president. Principal Clyde A. Canipe gave a report on the results of the PTA questionnaire sent to parents at the close of school last year. Mrs. E. L. Pope, membership chairman, reported a paid-up membership

ship of 189 parents at the first meeting with this year's membership goal, to at least equal last year's membership of 673. The attendance awards were won by Mrs. Elsie Sims' sixth grade at the elementary school and by the eighth grade at the high school.

Special recognition was given to parents of children entering Pahokey Schools for the first time this fall; also to Mrs. James Batchelor, PTA school cafeteria committee chairman, and to Mrs. Ralph Stanley, cafeteria manager, and her staff, including Mrs. Pearl Agner, Mrs. Pearl Brock, Mrs. Irene Henderson, Mrs. Lester Holmes, Mrs. Lola Ryals and Mrs. C. G. Kelly.

Following the meeting refreshments were served in the arcade facing the high school patio, with Mrs. Lester Hand, Mrs. C. C. Cobb, Jr., and Mrs. W. C. Darden acting as hostesses.

Canipe Is Named Council Chairman

Members of the Pahokey High School Athletic Council, including school officials and representatives of various civic groups of the Pahokey-Canal Point area, re-organized the council for the new school year at a meeting at the high school Tuesday night, electing Principal Clyde A. Canipe chairman.

John Chandler, American Legion representative, and his committee of seven Legionnaires were delegated to assist the Pahokey police force with the parking of cars and keeping order at the home football games. This group will also be in charge of the flag raising ceremony preceding each game.

Other duties at home games delegated to various civic club representatives who are members of the Council: Paul Tillery, Pahokey Lions Club, and his committee to be in charge of ticket sellers and takers at the admission gates; Vance Denton, Pahokey Rotary Club, and Leon Spooner, Pahokey Elks Lodge, reserved seats; Melvin Pugh, Canal Point Legion, public address system; Delmar L. Hooks, Canal Point Lions Club, inspection of passes received for admission at the northeast gate.

The Council ended the past year with a cash balance of \$432, according to Robert O. Lampi, school treasurer who also serves as treasurer of the council. Receipts from football games last year were used to wipe out a deficit of \$600 incurred in the school's other athletic activities such as basketball, tennis and track, he reported. It was voted that one dollar of each \$7.50 received through the sale of season tickets to home games will go toward the purchase of the new electric scoreboard for Lair Field to be installed later this month.

Pahokee Council In Meeting Monday

The Pahokee City Council Monday night accepted the plot, submitted by Thurmond W. Knight, for a proposed new residential subdivision to be known as Ridgcrest Gardens, located between East Main Street and Larimore Road. The new subdivision has a 100-foot ridge lot frontage on East Main with 10 acres of muckland at the rear facing Larimore Road and will be connected with East Main Street by a 40-foot street to be known as Ridgcrest Way. This new subdivision will be developed by the recently organized Pahokee Builders, Inc.

The Council instructed Police Chief Leon Guthrie to purchase a traffic light and install it as soon as possible at the intersection of First Street and Barfield Highway. This action was taken after the group studied a petition submitted by residents of the Vetsville subdivision, requesting that this safety measure be taken immediately for the protection of their children going to and from school. A school zone speed sign will be placed at the intersection until the light is installed.

It was decided that in the future all applications for city beer and wine or liquor sales licenses be accompanied by inspection certificates signed by the building inspector and the chief of police before such applications will be considered or acted upon by the Council.

It was voted to give the Everglades Memorial Hospital garbage collection service without charge but the Council, after hearing a report by Councilman Robert B. Simonson, watersworks commissioner, voted not to grant at this time reduced rates in the hospital's monthly water bills, as requested by the hospital board.

A resolution was passed giving notice to owners of vacant lots on Annona Avenue where there are wild growths of weeds and underbrush to have these lots cleaned up by Oct. 13 or the city will clean them up at the owners' expense. A similar resolution will be thrown up to stimulate the cleaning up of vacant lots on Lake Ave.

A communication was read from Mrs. Wendell H. Arnold of West Palm Beach, formerly of New York State, commending the Council for its official disapproval of any attempt to add flourine to the city water supply.

Prior to its regular meeting the Council, sitting as a tar equalization board, judged as unfair and granted reductions in the assessed valuations placed by the city assessor on certain properties owned by Karl Mindlin, Wiley Tillis and Mrs. Miriam L. Dulany.

The Future Farmers of America elected the following officers for their new term of administration at Pahokee High School this week: President, James Usher; Vice-President, Tom Arceneaux; Secretary, "Chuck" Elliott; Treasurer, Ronnie Hitchcock; Reporter, Val Gabaldon; and Sentinel, Ronald Berry. The president appointed Val Gabaldon as parliamentarian.

In their meeting the Future Farmers voted that the agriculture shop be open Tuesday afternoons and evenings for those boys who wish to use it. Also they decided that October 11 be the deadline for paying dues before the jackpot drawing that night for an FFA jacket with the name on it. All those who pay their dues before that date will have their name in the pot for the drawing.

Senator Spessard L. Holland will make the keynote address at the three-day annual convention of the Florida Fruit and Vegetable Association, opening in Miami Beach on September 28, according to George Cooper, convention chairman.

Belle Glade Lions Hear Rardin Report

"Know Your County," was the title of a talk delivered by County Commissioner Paul Rardin of Canal Point before the Belle Glade Lions Club at the weekly luncheon meeting Wednesday noon. In his talk Rardin pointed out the speed with which Palm Beach County is growing and the many functions of county government being accelerated to keep pace with the county's progress.

Rardin told the group of a Five Million dollar improvement program anticipated by the county commission at an early date. Revenue certificates will be issued to carry to completion the building program now being set up by the board. Bonds backed by 80 percent of the county's share of the gasoline tax will be issued to cover a huge road and bridge building program.

Glades construction, some underway and some recently completed, was described by the commissioner. Of prime importance on that list was the group of four "death trap" bridges being replaced at this time. The new bridge at Canal Point was recently completed at a cost of \$134,153.22. The new bridge at Six Mile Bend has been completed and the approaches are being built at a combined cost of \$231,793.90. Construction was started a few weeks ago on a new bridge at South Bay and one at Lake Harbor. The one at South Bay will cost \$84,985.06 and the one at Lake Harbor will cost \$109,284.74.

Under contract now is the retreading of SR15 from Canal Point through Pahokee to Belle Glade at a cost of \$157,775.06. Also in process of completion is the retreading of US27 from South Bay to the Broward County line at a cost of \$317,436.74. Ten miles of Conner's highway east from Canal Point is also under construction at a bid price of \$115,000.00.

Rardin pointed out the much-needed building space needed for court house operations. A new administration building space needed for court house operations. A new administration building will be erected to house part of the overflow and ease the cramped conditions of the present building.

High on the priority list among county construction projects will be found four items in the Glades, the commissioner pointed out. Rebuilding of Avenue "E" in Belle Glade at a cost of \$315,000; Rebuilding of Muck City road, \$178,000; Eighth Avenue in South Bay, \$42,000; and Rebuilding Lake Shore Drive in Canal Point at a cost of \$147,000 will make these four much-traveled roads into modern highways.

Christian Science Group Of Canal Point

How we may prove and experience man's God-giving dominion over material bondage of all kinds—sin, disease, and limitation—will be brought out at Christian Science services Sunday. The subject of the Lesson-Sermon is "Matter". The spiritual heritage of freedom which belongs to man is set forth in the following selections from the Bible (Galatians 4: 6, 7): "And because ye are sons, God hath sent forth the Spirit of his Son into your hearts, saying, Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ."

The following passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (22:33): "Sooner or later we shall learn that the fetters of man's finite capacity are forged by the illusion that he lives in body instead of in Soul, in matter instead of in Spirit."

Mr. and Mrs. Ben C. Rogers are visiting this week his mother, Mrs. S. W. Rogers, and other relatives in Hampton, S. C.

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way!

A dream? Not at all! Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. And by saving only a few dollars a week, too:

The answer is that you save *systematically* on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved for you, *before* you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you:

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, for 19 years and 8 months. That's why the money you put into Bonds now *grows* to such a surprisingly big sum:

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan:

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save...	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save...	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, *start your Plan today!*

Rardin Will Work To Keep Gas Tax For Counties' Roads

County Commissioner Paul Rardin said this week that he would lead a fight to maintain the county's share of state gasoline taxes which is being threatened. The tax to which Rardin referred is the seventh cent of the gas tax which is returned to the county for road and bridge projects, designated by the county commission and outside the priority election of the state road department.

The Palm Beach County Commissioner is chairman of the legislative committee of the State Association of County Commissioners and at a recent meeting of that association's directors, it was voted to fight for continuance of the gas tax program as it is now established.

Commissioner Rardin, Monday, outlined the association's stand for members of the Palm Beach County commission and was pledged the support of the commission in action that would keep the present gas tax laws on the state statutes.

Commissioner Rardin, this week, also won support of the commission on his move to try and work out arrangements with the State Road Department for an early start on construction of Cardwell Road in the Glades. The project, Rardin said, has been delayed because of failure to acquire the type barrow pit wanted by the state. He asked that County Engineer Steve Middleton attempt to work out new arrangements for a barrow pit so that the road project can be started.

Blue Devils Travel—

(continued from page 1)
he views with deep respect and with some misgivings the ample reserve strength of players supplies by some of the larger schools in the conference such as Fort Pierce, Lake Worth, Vero Beach and Seacrest.

Clewiston also has a small squad this year and it appears the game to night will shape up as a relatively even match between two highly spirited teams, with victory going to the team getting the most breaks. Few believe the Tigers are strong enough to repeat the performance they unleashed at last season's opener when they completely humbled the Blue Devils, 31-6.

A large crowd, including a huge delegation of fans from the Pahokee-Canal Point area, is expected to be on the Clewiston field at the starting whistle to see some beautiful running on the part of Richard Bethea; the Tigers' high scoring halfback who broke the "Suncoast Conference individual" scoring record last season, and Hal Rosenberg, the Blue Devils hard-charging halfback, who was second high in the conference in individual scoring. Both Bethea and Rosenberg were voted all-conference backs in the 1953 Suncoast team.

Although Coach Carl Ferrara lost 17 varsity players at the end of the school year last spring, he has a lot of confidence in his Tigers. As he leaves with his squad for Clewiston this evening Coach Pell is reminding his Blue Devils of Ferrara's recent statement in which he was quoted as saying, "Clewiston teams have something other teams work hard to get, nat-

ural fight and confidence. Nothing much is expected (of this year's Tiger team) by the general public, but we will fool them."

Bandmaster Robert O. Lampi is taking his Pahokee High School Band to Clewiston tonight to furnish some rousing music that ought to keep the team pepped up and, of course, there will be a bevy of beautiful cheer leaders to see that the cheering section for the Blue Devils shouts itself hoarse.

Uptegrove Singers Will Go To Clewiston

The Uptegrove Quartet, a gospel singing group of the Glades area, together with the Gospel Harmony Quartet of West Palm Beach, will present a concert of songs at the Sugarland Auditorium, Clewiston, Saturday night, Sept. 18. The two groups will also sing in the Okeechobee High School auditorium Saturday, Sept. 25. The Uptegrove Quartet alone will present concerts at Avon Park, Sept. 21 and La Belle, Sept. 28. It participated in Cracker Jim's all-night sing in the Bayfront Park Auditorium, Miami, Saturday night and will again participate in the all-night sing at Miami, Oct. 2. Barney Creesh of Belle Glade recently joined the quartet as bass singer, replacing Dr. Gordon Schuetler. Other members include Osceola Uptegrove, Ganal Point; Elmer (Babs) Uptegrove, Pahokee; Billy Mathis, Lake Harbor, and M. M. Martin, Jr., Canal Point, piano accompanist.

Mrs. J. E. Carter of Jacksonville visited Mr. and Mrs. M. D. Geiger Friday and Saturday of last week.

Tommy Elliott Is Senior President

Tommy Elliott, ace linesman of the Blue Devil football team, was elected president of the Pahokee High School Senior Class at the annual election of class officers following the opening of school. Other Senior Class officers elected were Ronnie Elliott, vice president; Betty Harrison, secretary; Bobby Howell, treasurer; Jimmy Lee Hoyle, sergeant-at-arms; Rose Marie Henderson and Phoebe Ramey, business managers. Ronnie Elliott and Jimmy Lee Hoyle are also mainstays in this year's Blue Devil first string line.

Officers of the other grades at the high school elected during the past week: Junior Class—Hunter Latham, president; Jim Seay, vice president; Evangeline Tillman, secretary; Jeanine Mock, treasurer; Donna Uptegrove, reporter; Pat Elliott and Kay Mauldin, business managers.

Sophomore Class — Sandra Adams, president; Betty Rainier, vice president; Linda Sellers, secretary; and Fred Blakey, treasurer.

per, vice president; Geraldine Uptegrove, secretary; Suzanne Young, treasurer.
